Eminent Sir James Parker Gregory, Grand Captain of the Guard, De Molay Commandery No. 12, Louisville.

KANSAS WHEAT STAGES "COME BACK"

(By Associated Press)

Topeka, Kan., May 19—Kansas wheat crop is staging a phenomenal come back according to reports of agricultural bureaus, both state and federal. Revived by an abundance of rains after the driest winter ever recorded in the state's great central wheat belt, wheat is now declared to be in excellent condition in nearly all parts of the state. Based on conditions on May 1, the Kansas agent of the U. S. Department of Agriculture recently estimated the crop this year will be 92,082,000 bushels. Last year Kansas produced approximately 150,000,000 bushels. The present prospects, in relation to the national output, is that Kansas will produce 19.2 per cent of the country's crop of winter wheat, as compared with 30.6 per cent last year.

THE WEATHER

Generally fair tonight and Thursday; little change in temperature.

INDIANA STATE DEMOCRATIC TICKET

(By Associated Press)

Indianapolis, May 19—The nomination of the state ticket and the selection of delegates at large to the national convention and framing of the party platform are the principal matters before the Democratic State Convention here tonight. It is almost certain the delegation to San Francisco will be unopposed but it is generally understood they will vote for Vice President Marshall if his name is presented to the convention. Leaders today declared that President Wilson's administration would be endorsed in strongest terms.

PROTESTS ADVANCE IN TOBACCO PRICE

(By Associated Press)

Washington, May 19—Members of the Tobacco Merchants Association of the United States, in convention here, were assured today by President Eisenhower of Philadelphia, that tobacco and liquor would not be buried in the same grave. He said not the slightest use of tobacco would be prohibited. The speaker protested against further increase in tobacco taxes, declaring it would not bring heavier returns, because the consumption would decrease as a result of increased prices. He said that retail prices were already 75 per cent higher than at the outbreak of the war.

PRICE CUTTING GOES MERRILY ON

Chicago, May 19—Reports of price cutting in wearing apparel and miscellaneous merchandise continued to be received from various parts of the country today. Department stores from New England to the Pacific Coast, and the Mexican border, announced reductions ranging from 20 to 50 per cent. The price in shoes in some quarters was cut one-fifth, while a ready-to-wear establishment in Omaha offered its stock from 30 to 50 per cent below market price.

Refuse To Hear Petitions of Striking Railway Men

Chicago, May 19—The United States Railroad Labor Board today flatly refused to hear petitions for increased wages presented by railroad organizations, which recently struck in defiance of the national railroad brotherhood orders ruling which bars all those who quit work last month from a hearing.

Accept Peace Resolution

Washington, May 19—Republican House leaders today agreed to accept the peace resolution as adopted by the Senate, as a substitute for the House resolution, and tentatively decided to call it up Friday for final action.

Leaders predicted that the resolution would be adopted and sent to the President.

Effective Credit Policy Is To Be Continued

(By Associated Press)

New York, May 19—Pursuant to a pledge given to the Federal Reserve Board, leading banks here today extended the campaign of deflation credits and high commodity prices. The policy has already reduced speculative loans hundreds of millions of dollars, which was directly responsible for the wave of price cutting in many lines in the retail trade.

A HIGH QUALITY PROGRAM OFFERED

Array of Artists For May Music
Festival Not Excelled In
Great Cities

With the opening of the May Music Festival Thursday night, the first opportunity will be presented to many to realize and appreciate the extensive facilities for accommodating a large crowd and entertaining on a large scale. For the first time, many will see and appreciate the elaborate improvements recently made. One of these will be the elegant hardwood floor of the auditorium, the big stage, bordered with footlights, giving the stage a pretty effect, and the new opera chairs, increasing the seating capacity to at least 600. Another will be the specially painted scenery and the drop curtains, depicting the artistic ability and work of Miss Maud Gibson, teacher in the art department of the school. This work alone has attracted the attention of many.

That there will be music-loving people from far and near during the festival is assured, since there have been many inquiries from out of the city. Cincinnati will be represented, not only by a number of musicians of note, but by a number who are contemplating being in attendance, especially on Friday night, it is said. The sale of tickets insures a good attendance by those residing nearer and who will be fortunate enough to be present each evening.

On the opening night the program will constitute a list that promises to fill the entire evening with a round of music and entertaining features of a high quality. The chorus of 150 will be amply accommodated, together with the solo artists, owing to the adequate stage area.

The final rehearsals are arranged for and tonight there will be an assemblage of singers who will put on the final touches to their preliminary practice work. Dr. S. S. Myers, general director of the chorus, is of the belief that many do not realize the excellent quality to be presented by the Richmond Singers and stated today that there was a treat in store for all, that the manner in which the members acquitted themselves was out of the ordinary and above the average in point of harmony and voice.

The program, including the special chorus, will be replete with such artists as August Peters, Anthony Seath, and Harry Schenck, violinists, Mr. John A. Hoffman, celebrated tenor, together with the full festival chorus, and nothing but the best in music is being mentioned, besides this is but a few who will be seen and heard. In fact, the program contains such an array of special features that none can be disappointed.

A Cincinnati man, who handled one of the programs, could not believe that it would all be presented at the festival. "You have a wonderful array of musicians, and all artists—a program that is seldom equalled in the greater cities," he continued. "Why, right here in Cincinnati, we do not get all of this in one evening, as a rule. You are indeed fortunate in being able to present a bill of this magnitude and character. We seldom get this array of musical talent paying from \$1 to \$10 per seat."

CANDIDATES DEBATE AT NICHOLASVILLE

A dispatch from Nicholasville had the following about the joint debate of three democratic candidates for the congressional nomination there Monday. The joint debate of the three democratic candidates for nomination for Congress in the Eighth District, Judge Ralph Gilbert, Shelbyville; Col. Frank Rippy, Lawrenceburg; and George T. Davis, Liberty, they declared their position on the Volstead Prohibition Enforcement Act. Mr. Davis said he favored the repealing of the act. Judge Gilbert stated he was in full harmony with the act in its present form, while Colonel Rippy said the act was not an issue and declined to state where he stood.

NEGRO SHOOTING SCATTERS KNIGHTS

Lexington, Ky., May 19—Down an avenue of American flags and colored bunting forming a lane for the Knights Templar parade to be held today, and just as one of the visiting bands was finishing up "A hot time in the old town tonight," Lucy Johnson, a negro, came speeding from the general direction of Spruce street down toward Walnut Tuesday afternoon at about dusk, setting a record that would do justice to Paul Jones.

Behind her, calling aloud for her to "wait there," and filling the air with a volley of shots from a revolver, came Georgia Garfney, who recently moved here from Hazard, Ky. Knights Templar scattered, realizing their sparkling swords were but ornaments. Clanging came the police patrol, the city ambulance, two detectives who had been resting on the post office steps and countless policemen.

"Bang, Bang" came the reports. Five hundred persons who were lining Main street for a band concert, flooded Walnut street. But there were neither arrests nor casualties. Lucy had run so fast she beat the bullets and Georgia seeing the excitement, "just kept on going," and the police haven't caught her yet.

WOULD HAVE CAMDEN ACT AS COMMITTEEMAN

(By Associated Press)

Louisville, May 19—Prior to the meeting of the Democratic State Central and Executive Committees here today, it was said that Marion E. Taylor, of Louisville, would decline the election as Democratic National Committeeman from Kentucky, on account of ill health, and that former United States Senator J. N. Camden be named to fill the unexpired term of General Haldeman, who recently resigned. It is also said that Seldon R. Glenn, of Edyville, would be re-elected as secretary of state committees.

OKLAHOMA NEEDS HANDS

(By Associated Press)

Kansas City, Mo., May 19—The United States employment service, a bureau of the Department of Labor, estimates that Oklahoma will have two and a quarter million acres of wheat to harvest this season, and that several thousand harvest hands will be required in the central and northwestern counties of the state. Federal employment agencies will be maintained at Enid, Oklahoma City, Tulsa, Ardmore and Muskogee, and the cutting is expected to begin about June 10 and continue until about June 25 in this section.

Nebraska is expected to harvest approximately as much wheat as in 1918, slightly more than three million acres.

Missouri expects to cut about 2,600,000 acres of wheat, and harvest labor probably will be needed in the western counties.

Mr. and Mrs. Merritt, of Winchester arrived Wednesday morning and accompanied by Mr. and Mrs. A. J. Willoughby and Superintendent Edwards, of the Madison schools, left for College Hill, where they attended the funeral of Clifton Willoughby, which took place at 11 o'clock. Mr. Willoughby, who died at his home near College Hill on Monday night, was well known in Richmond and vicinity.

Ball Game Postponed

The base ball game between Cincinnati and Brooklyn was postponed today on account of rain.

WOMAN OPENS MICH. CONVENTION

First Honor Given To Mrs. Wm. Anderson, of Grand Rapids.

Grand Rapids, Mich., May 19—Breaking all precedents, Michigan democrats today gave a woman the honor of opening the state convention here. Mrs. Wm. Anderson, of Grand Rapids, vice chairman of the Democratic State Central Committee, called the gatherings to order and immediately called Edmund C. Shields to the chair. He delivered the key-note speech, scoring the republican Senate for "lacking the courage to ratify the treaty."

YOUNG BURGLAR TRIES GEORGETOWN

Georgetown, Ky., May 19—Surprised while ransacking the room of Herman Wolfe, 17-year-old son of David C. Wolfe, here Tuesday afternoon, a man amped through the closed second story window and started toward Lexington.

Wolfe telephoned the police who arrested Walter Reid, 12 years old. His companion, Ralph Woody, was also arrested when a search of his clothing revealed a pistol. Reid had \$55 in war savings stamps, which Wolfe identified as his property. The two youths came to Georgetown yesterday and registered at the hotel. There a search of their baggage showed a suit case filled with jewelry of every description, diamond rings, diamond pins, jewel-studded combs, and gold rings and trinkets. The police estimate the jewelry in the suit case worth \$20,000 if the gems are genuine.

BIG DAMAGE CASE BACK FOR RETRIAL

A judgment of a jury in the Madison circuit court awarding Walter N. Deering, a local railroad carpenter, \$12,000 damages against the L. & N. railroad company for personal damages, was reversed Tuesday by the Court of Appeals at Frankfort. The case was reversed because of error in instructions and is remanded for a new trial. Deering fell from a scaffold while working on the depot at Maloney Lee county. He was represented by Attorneys Frank Peak, of Louisville, and John Noland, of this city.

LOW LEVEL FOR LIBERTY BONDS

Louisville, Ky., May 19—Bankers here noting the low level of Liberty Bond issues, as quoted on the New York stock exchange today, were of the opinion that the bottom has about been reached, it was uniformly said, according to the Times. The slump was due to the fact that owners needed money and not a lack of confidence in the government. New low records were established for the Second and Fourth loans, selling a tone time at \$82.44 and \$82.66 respectively. Victory Bonds of 3 3/4 per cent also fell to \$99 at the National Bank of Kentucky. Officials said if there was no upward industrial developments, Liberty Bonds would not drop much more.

Ice Cream Cone Fatal

Danville, Ky., May 19—Poisoned Tuesday by an ice cream cone, Clara Walls, 4-year-old daughter of Mr. and Mrs. Joseph Walls, died three hours afterward of ptomaine poisoning.

Thomas, 15-year-old son of Mr. and Mrs. Everette Green was operated on at the Pattie Clay hospital for appendicitis.

BATTLE HERO TO TALK AT LEGION RALLY

Col. Dan Morgan Smith, the World War veteran, who will be in Richmond at that time, will address the mass meeting to be held at the court house Saturday afternoon by the American Legion. This will be the last meeting held by the Jesse M. Dykes Post in its drive for new members. Colonel Smith will speak exclusively of his war experiences at this meeting, it is understood. The public generally as well as ex-servicemen are invited to attend this meeting at the court house Saturday afternoon, and hear Col. Smith.

Another good meeting was held out in the county Tuesday night. It was held at Moberly's store at generally as well as ex-servicemen present, who were eligible, joined the Legion. The speakers were Joe P. Chenault, Eugene Moynahan and Charles George. Chairman Harold Oldham presided. The new members enrolled were John L. Jones, Homer J. Highland, McKinley Forbes, Clarence Lee Forbes, Wm. H. Cosby, Ura Bowlin, and Lloyd Martin.

COUNTY SCHOOL BOARD MEETING

Tuesday afternoon at the regular meeting of the County School board at the office of County Superintendent Edwards, Owen Moores was appointed trustee of the McCord school and R. E. Bush chosen as a trustee for the Waco high school. The board adopted the new salary proposition for teachers and transacted other routine business.

The matter of bids for five new schoolhouses now contemplated, were rejected. The board members to a man decided that the figures were too high and this matter was passed for the time being.

The Newby school Jr., was made a four years school, thus enabling the students there to take the full high school course without changing to other institutions. This movement has been desired upon the part of many of the pupils for sometime. There are a number of students there who have practically finished their junior studies and will be the first to have the benefit of the change, which takes place this year.

Members of the board, all of whom were present, were: R. O. Moberly, Frank Hoard, Bales Wilson, W. A. Abuckley, A. J. Million and W. B. Hayden.

NO CIRCUIT COURT JUDGE AT CONCLAVE

After hearing the evidence in a number of cases and having the docket pretty well cleared Tuesday afternoon, Judge W. H. Shackelford, of the Madison circuit court dismissed the jurors, after thanking them for their satisfactory service, and stated that there would be no court until Friday morning. He announced his intention of going to Lexington, to attend the Knights Templar Conclave, and incidentally remarked that his efficient clerk, Mr. James Wagers would also attend the festivities there.

The regular hearing of cases will be resumed on Friday morning. There are a number to be heard as a result of the grand jury investigation. This will be followed by the hearing of the few cases continued and this will mark the closing of the May term of court.

Prof. G. D. Smith At Crab Orchard School

Prof. G. D. Smith, of the department of science at Eastern Kentucky State Normal, returned this morning from Crab Orchard, where he delivered the graduation address Tuesday night at the opera house. The event was attended by an audience that completely filled the building and the program which was very elaborate, was well rendered. The students extended thanks to the speaker of the evening.

YOUNG MAN LOSES ARM IN ACCIDENT

Oscar Cooper, Of Kirksville,
Brought To Gibson Hospital
Seriously Injured

Oscar Cooper, 19, son of Mr. and Mrs. James Cooper, living at Kimball, near Irvine, was brought to the Gibson hospital Wednesday morning where his left arm amputated at the shoulder as the result of an accident at the home of his parents Tuesday afternoon. The young man had been playing when driven to shelter by the rain. He procured a shotgun and was going hunting when he stopped in the diningroom of his home and it was while adjusting some part of the weapon, when it was accidentally discharged, the whole contents of the shell entering the arm just below the shoulder. Physicians were hastily summoned and the wound dressed but it was found that amputation was necessary and he was brought to the Richmond institution where the operation was performed. While the condition of the accident victim is quite serious, it is believed that he will recover.

Young Cooper, who is well and popularly known in the vicinity of Kimball, is said to have held up bravely after the distressing accident, and even after the operation which cost him one of his arms. The sympathy of a host of friends in and near his home town is extended.

LANCASTER MARSHAL UNDER \$2500 BOND

Marshal Luther Herron, who shot and killed Robert Strange, colored, at the Lancaster depot Friday morning, was held over to the grand jury in \$2,500. County Judge Stapp was sick and there were several absent witnesses when the examining trial was called this morning. The opinion seems to be general that Marshal Herron acted purely in self defense. The negro, who had shot him through the body and head some six years ago, and had served a term at Frankfort for it, had made many threats, against the officer and carried a pistol for him it is said.

JIMMY VALENTINE PROVES A BIG SCREEN HIT

For swift-moving, electrifying entertainment and finished, forceful acting nothing has come to the local screen in many weeks to approach "Alias Jimmy Valentine", starring Bert Lytell tonight.

From the opening scene to the final close-up, this Metro screen version of Paul Armstrong's internationally celebrated crook melodrama held its audience in a breathless tension of interest.

Mr. Lytell's acting was a feature that must not be passed over without tribute to its art. Especially noticeable was the fact that this young star exhibited restraint in places where over-acting would have spoiled the illusion. This quality, coupled with a dynamite fire in the tighter moments, enhanced the play in no mean measure.

Mrs. Harvey McClellan, of Cynthiana, is the guest of her aunt, Mrs. W. S. Taylor and Mr. Taylor here. Mrs. McClellan's husband is a star infielder on the Chicago White Sox American League baseball team. He is a Harrison county boy and often played here in the old Blue Grass League and Ohio state league days.

Woman Stricken On Street

Miss Mary Sullivan suffered an attack of heart trouble Tuesday night about 8:30 o'clock, in front of the D. B. Shackelford hardware store, and would have fallen had it not been for the timely action on the part of a colored man, Miss Sullivan was given first aid by Drs. Norton and Heath. Her condition was reported as being improved today.

HORSE KILLS YOUTH

Aaron Wright, 15-year-old son of Dallas Wright, Pembroke farmer, was fatally injured when his horse, frightened by a train, reared up and fell backward on him. The boy died while being brought to a hospital at Hopkinsville.

What Are You Going to Do About Your Catarrh?

Improper Treatment Leads to a Serious Stage.

Because you have doubtless been fairly comfortable through the mild summer months, and free from the soreness and irritation of the membranes, do not make the mistake of thinking that you are rid of your Catarrh. For if you suffered with this disease last winter, it will again be with you in all its severity unless you have eliminated entirely from the blood the germs which cause the disease.

Are you going to further temporize with a disease that leads to such a serious condition? Don't you know that you can use gallons upon gallons of local treatment without the slightest permanent benefit? Just give the matter a little careful thought, and you will realize that it is but a waste of time and money, besides seriously jeopardizing your health, to continue a method of treatment that has proven of so little value in making any real progress toward genuine benefit.

First of all find out just what causes your Catarrh. If it is merely a local irritation and inflammation of the delicate linings of the nose, throat and air passages, then you might reasonably expect to be cured by the use of local remedies. But have you ever known of one single person to be freed from the slavery of Catarrh by any kind of local treatment?

Why? Simply because they have overlooked the cause of these symptoms, and hence the treatment has been misdirected. Remove the cause of the clogged up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they promptly reappear and will continue to do so until their cause is removed.

But if you will take a treatment that goes right down to the very source of the disease and attacks it at its starting point, then you are on the right track, and can expect results. S. S. S., the fine old fifty-year old blood remedy is an antidote to the millions of tiny Catarrh germs with which your blood is infested. Don't waste further time by continuing a treatment that can make no progress toward permanent relief, but begin to take S. S. S. today, and you will receive the same benefit that others have. S. S. S. is sold by all drug stores. Write us for free medical advice about your own case. Address: Chief Medical Adviser, 17 Swift Laboratory, Atlanta, Ga.

MINISTER FORCED TO QUIT PULPIT

Widely Known Evangelist Was Helpless For Seven Years—Praises Tanlac

"Tancac has benefitted me so much I wish I could go all over the country and tell the people about this wonderful medicine," declared Rev. Charles H. Sanders, 1824 Fourth Ave., Huntington, W. Va., recently.

The Reverend Mr. Sanders who is widely known as an evangelist, especially in the Southern States, has been a minister in the Southern Methodist church, W. Virginia Conference, for twenty-five years, is a member of I. O. O. F., lodge No. 251, Huntington, and is not only prominent as a minister of the gospel, but is popular as a man and citizen.

Reverend Mr. Sanders is by no means the only minister to come forward with his unqualified endorsement of Tanlac, as many hundreds of the denomination, north, east, south and west, in fact, throughout the entire American continent, have testified to having used the medicine with the most astonishing and gratifying results. In describing his case and failure to heretofore find relief, Rev. Sanders said:

"At the time I began taking Tanlac I had suffered from stomach trouble, loss of appetite, and rheumatism for twenty years, the last seven years of which I was almost as helpless as a baby. The rheumatism finally got so bad that I actually forgot all about my stomach trouble and lost appetite.

"Hundreds of my friends around Huntington know what an awful condition I was in, and I was expecting the end to come most any time. For seven months I couldn't move a leg or an arm—of course I had to give up my work—and until taking my first Tanlac I had gotten very little better. Acting under advice of physicians that a warmer climate might help me, a several years ago carried on my work for two years through the Southern States, but returned home without any benefit. I had also tried all kinds of medicines with no relief.

"Finally in reading about Tanlac I ran across a testimonial from a man I knew personally and that is why I bought Tanlac, and I want to say right now that the first bottle made a wonderful improvement in my condition. I have just finished my fourth bottle now and I feel like a new man. The stomach trouble and rheumatism have disappeared entirely. I am eating just anything and everything I want, and have gained ten pounds in weight. I endorse Tanlac without hesitation for such a medicine is a blessing to suffering.

Tanlac is sold in Richmond by Stockton & Son.

MAY CUT ACREAGE OF CROPS THIS YEAR

Tobacco And Corn Growers Expect Late And Inferior Crop At Best

After a little more than two days diligent work in the corn fields, farmers have again taken to shelter, and are becoming apprehensive regarding the year's crop. The recent favorable weather found every man in the field and a great quantity of corn was planted, however the limited time admitted of but a small per cent of the crop being put out. Some are of the opinion that there will be a short crop owing to the continued rains which have placed the ground in such condition that work cannot be resumed now for several days, at least.

The condition of the tobacco plants, which is not normal, at the best generally, is said to be unimproved, and the development is being hampered. Some are planning to reduce their acreage, being satisfied that there will be an inferior crop, except upon the choice ground.

To those who are becoming disheartened at the present prospects, it might be well to state that 26 years ago today the atmosphere was four degrees colder than today, and on May 19, 26 years ago, there was a heavy snow which broke the limbs from trees and injured shrubbery. However, the tobacco, much of

IN THE MADISON CIRCUIT COURT

Charles Stephens, a London barber, who claims to have killed a lion in Africa, having customers in the den of a hotel at the corner of Third and Main streets, has been arrested by the police.

is preparing to come to America and go over the Niagara Falls in a barrel—No, they're not all dead yet.

Nick Bodin and B. H. Ladin, claiming to be U. S. Marshals, have been held up at Youngstown, O., as well as 175 cases of bonded whisky in their possession, which they claim they were "protecting" en route from Pittsburgh to Cleveland.

The demand for Richmond city property leaps well for the city despite the census, which surely will grow some at last during the next ten years, since there are newly purchased properties being recorded almost daily, and good prices are being paid, and the city, besides being crowded, is spreading out.

THREE BIG DAYS

THURSDAY May 20 FRIDAY May 21 SATURDAY May 22

The factory representative of the EDEN WASHING MACHINE has given us a date for a demonstration of this wonderful time saving device. He will wash the clothes, iron them, and if there is a launderer who can hold a candle to the wonderful work turned out on this machine, then we'll hang up the fiddle and the bow.

In connection with this wonderful demonstration, we will hold another one of our successful cooking demonstrations, at which time the most tempting foods will be cooked right before your eyes, including delicious cakes, biscuits, etc., which will be on display in our window.

Free Presents Again Saturday

A great many of our country friends were unable to come to our store last Saturday, so we've decided to make this coming Saturday another FREE GIFT DAY at our store.

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires
for the smaller cars is the same purpose to
supply high value in the product that is behind
the manufacture of the Goodyear Tires that
equip the most expensive automobiles built.

This purpose is expressed by the enormous
resources, extraordinary skill and scrupulous
care applied to the manufacture of Goodyear
Tires in the largest tire factory in the world
devoted solely to the 30x3, 30x3½, and
31x4-inch sizes.

The effect of this endeavor is noted in the
fact that last year more cars using these sizes
were factory-equipped with Goodyear Tires
than with any other kind.

It is also noted in the fact that if you own a
Ford, Chevrolet, Dort, Maxwell, or other car
requiring one of the sizes mentioned, you
can secure Goodyear Tires and Goodyear
Heavy Tourist Tubes at the nearest Goodyear
Service Station.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that
reinforce casings properly. Why risk a good casing with a
cheap tube? Goodyear Heavy Tourist Tubes cost little more
than tubes of less merit. 30x3½ size in water—\$4.50
proof bag.

Mr. Leon Elder attended a dance in
Lexington Monday evening.

Mrs. Frank Campbell returned to
her home in Logan, West Virginia, af-
ter a visit to her sister, Mrs. T. A.
Campbell on the Summit.

Mr. Tom Smith, of Highland Park,
Louisville, is expected Thursday for a
visit to Mrs. Annie Russell and
daughter, Miss Katie Mae.

Mr. and Mrs. J. W. Ballard, of Ra-
venna, were with friends here Wed-
nesday en route to the Knight's Tem-
ple convoca in Lexington.

Numerous friends will be delighted
to know that Mrs. Neale Bennett is
greatly improved in health during her
stay in Asheville and it is hoped
will soon be entirely restored to
health.

The "Z" Has More Than Rated Power

The work delivered by the "Z" Engine goes beyond the horse power rating we place on it. This gives greater value for your money—increased service—longer life.

The "Z" has large inlet and exhaust valves—easily accessible—insure smooth, steady running—complete fuel combustion.

Tight compression in the accurately machined and polished cylinder increases "Z" Engine power—reduces fuel and power losses to minimum. Positive, dependable Bosch ignition adds to power output—provides hot, powerful spark—insures quick starting. Complete combustion gives greatest power from each gallon of fuel—prevents formation of carbon—means more power at lower cost.

Other "Z" features are: Runs on kerosene, coal oil, tops, as well as gasoline; built in Bosch high tension oscillating magnetos; every part interchangeable; clean-cut, efficient design; long-lived endurance. Come in and see this celebrated engine today.

At Lawrenceburg Again

How do they "get that way" in Lawrenceburg? A dispatch says that several weeks ago Jaffer John Siers, who is the custodian of the courthouse property, had occasion to go to the grand jury room. Using his "master" key he unlocked the door and claimed he found, according to the story told, Sheriff Emmett Griffin, Circuit Clerk J. Graham Bond and Hilary Yocum engaged in a game of craps. He at once swore out a warrant. The case was tried and the jury returned a verdict of "not guilty." Now, as a sequel to the trial, Sheriff Griffin has filed suit against the same parties on a similar charge, for a like amount. The plaintiffs claim

they merely were rehearsing for a play.

A BIG TIME FOR BANKERS

The Eighth District bankers will hold their next meeting at Oak Orchard Station on June 18th, when they will be guests of the Lincoln and Garfield county bank officials. Hon. H. G. Stokes, cashier of the Oak Orchard Banking Co., is president of the association for this district. The "big pot" will be put in the middle of the effort to entertain the visiting bankers properly.

Should this weather continue, the tented cities should be made, instead of those "hot" to no living in them.

How to Be Young at 70 or Old at 40, to Be Told Here by Dr. Geisel

to the members of her audience to keep their bodies healthy, and she gives helpful, practical suggestions to aid them in so going. Her lecture aims not to supplant the physician, but to supplement him.

Dr. Geisel is a magnetic, dynamic, lecturer. "A perfect dynamo of power" and "The biggest little woman in the world" are some of the tributes accorded to her as a speaker.

Dr. Geisel returned to this country from a long lecture tour in Australia just in time to go on the big Redpath circuit this spring.

AGED BOURBON WOMAN DEAD

Mrs. Ella Hutchcraft Harris, aged 75, widow of Richard M. Harris, died at Paris Sunday morning following a short illness from heart trouble. The deceased was the daughter of Reuben and Fannie Hutchcraft, of Virginia, pioneer residents of Bourbon county. She was born at the old Hutchcraft home near Stony Point, where she spent her girlhood days. She is survived by one brother, R. B. Hutchcraft of Paris, and a number of nieces and nephews.

YOUTH SHOT FOUR TIMES

It is charged, McDermott came to Danville with his father, Charles McDermott, and surrendered. After a preliminary trial he was released on \$2,500 bond.

Commissioners Sale

G. T. Burton, Plaintiff vs. Ivy Burton, Def.

Pursuant to judgment and order of sale entered in the above styled action by the Madison Circuit Court at its May term, 1920, the undersigned Commissioner will expose to public sale to the highest and best bidder on Wednesday, May 26th, 1920 at the hour of 10:30 o'clock a. m., on the premises in Kirksville, Madison county, Ky., the following described property:

Two certain tracts or parcels of land with improvements thereon adjoining each other located in the village of Kirksville, Ky., and containing 4 acres and one quarter more or less and known as the Geo. W. Burton home place.

The pleadings and exhibits in the above styled case are here referred to and made part hereof for more particular description.

Terms: Said property will be sold on a credit of six months, the purchaser being required to execute sale bonds with approved security payable to the Commissioner and bearing 6 per cent interest from day of sale until paid, with a lien retained on the property sold to secure the payment of said bonds and interest.

Local Manager Wanted

Unusual Opportunity for Right Man

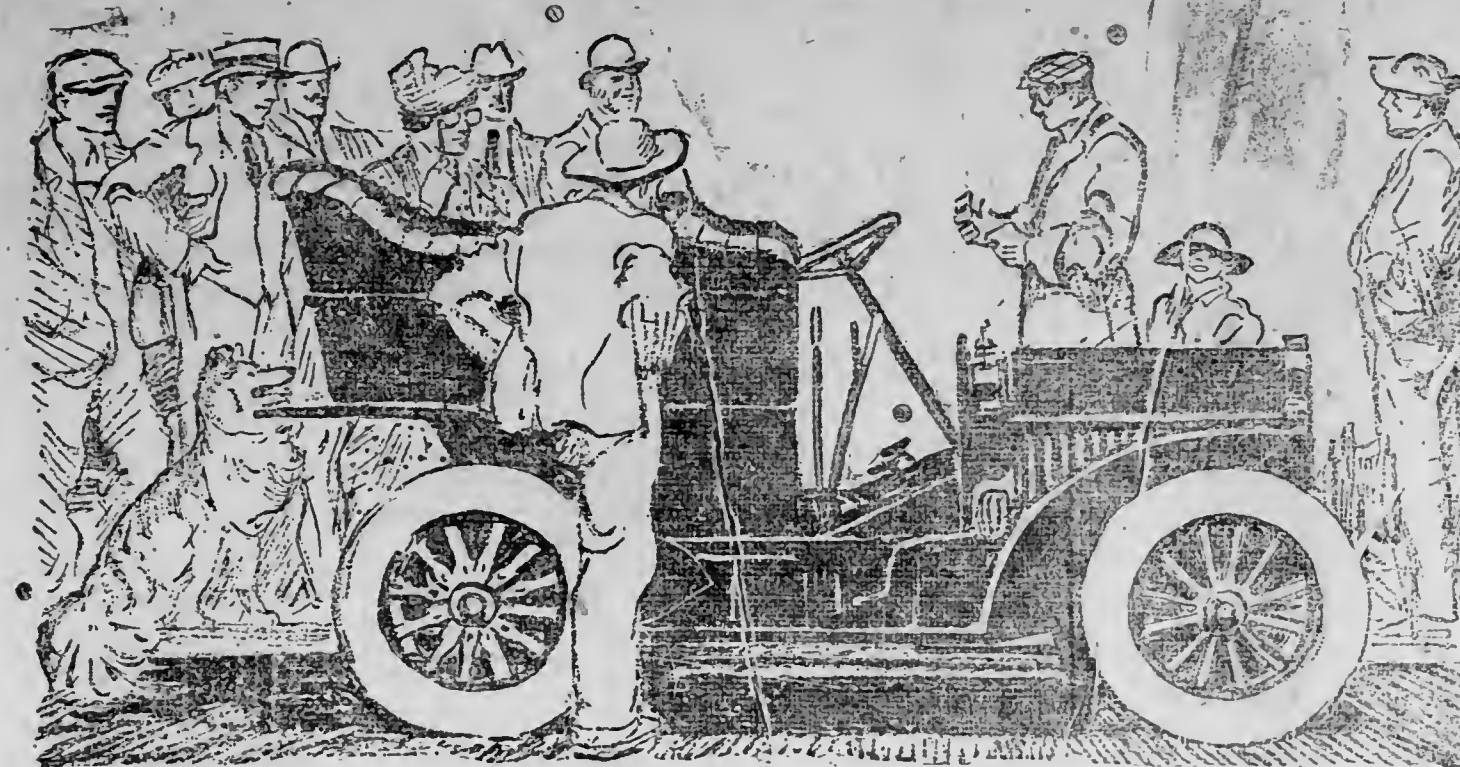

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes more firmly established locally.

The position requires a man possessing executive and sales ability with business experience and having commercial banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from \$2500 to \$10,000 the first year, according to reputation and the ability of the manager, as the commodity which we handle is a staple, always in demand, and which our large buying facilities permit us to sell at less than average market prices.

Owing to the demand, we must fill this position at once. Send your application to Bernice Coal Co., 825 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.

They used to call a man a "sport" when he bought an automobile

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about what he was getting in return.

When a man buys a tire nowadays he has a pretty definite idea of what he expects to get out of it.

The dealer who sells him one that gives him less than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and recommend them to the

motorists of this community.

The U. S. reputation for quality is not built on any one tire.

There is not one standard for large U. S. Tires and another standard for small ones.

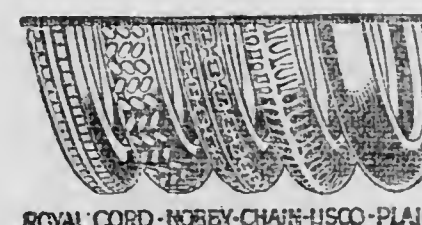

Every tire that bears the name "U. S." is built the best way its makers know how to build it. The oldest and largest rubber concern in the world cannot afford to play favorites in seeking its public.

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cord.

RICHMOND, KENTUCKY

COST OF TOBACCO RAISING SUMMED UP

Important Statistics Show Great
Increase In Cost of Produc-
tion At Present

Reliable information concerning the cost of producing tobacco in Kentucky, gained from a careful survey in 81 burley-producing farms in Fayette, Scott, Jessamine and Woodford counties and 38 farms in "black patch," principally in Christian county, the chief dark tobacco producer, are given in a report made public today by the state experiment station.

Having considered man and horse labor, land rent, use of barn and sticks and machinery, manure and fertilizer, spray materials, nure and fertilizer, spray materials, fire and hail insurance, coal the average cost of producing one pound of burley tobacco was 26 cents; the average cost of producing an acre \$296; the average yield per acre, 1,141 pounds. The cost of man labor was \$121 an acre and the cost of horse labor \$19 an acre.

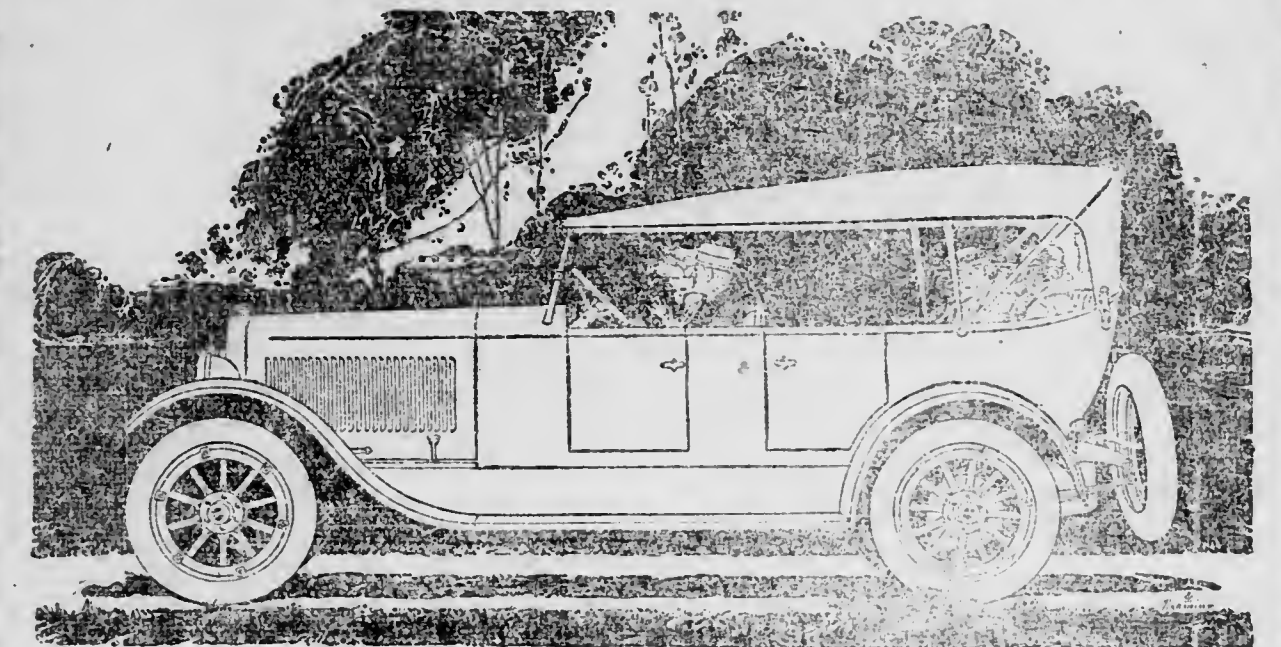

In the dark tobacco section, the average cost of producing a pound of the weed was found to be 16 cents and the average production cost of an acre \$148.

Regarding basing sale prices on the average cost of production the report says:

"During the period of the war and since that time the prices of commodities, for example wheat, were fixed by the government commissions. This gave rise to a good deal of discussion on the subject and once more raised the question of the cost of production as a basis of price fixing. It is evident, however, from this survey that this policy is erroneous. A price based on the average cost would be too low and would be inadequate to maintain the necessary production, thus resulting in a decreased supply."

The reason this is true is that while 26 cents was the average production cost, this average was brought down because of exceedingly low cost on a few farms, only 50 per cent of the total output being produced at that figure or less. It is evident the report says, that if the price had been set based on the average cost, 41 percent of all the tobacco produced on those farms would have sold for a loss.

CHANDLER SIX Famous For Its Marvelous Motor

Why the Chandler Holds Its Leadership

THE Chandler car has attained and held its place of leadership among all sixes, by steadfast pursuance of worthy policies.

There is but one Chandler car, one Chandler chassis. To that chassis, for seven years, have been devoted the ambitions and the engineering ability and the sincere purposes of its builders.

Featuring this sturdy chassis is the famous Chandler motor, brought to a plane approximating perfection through these years of refinement and development.

Nearly eighty thousand Chandler owners know the excellence of this motor. They know its power, and the flexibility of its power. They know its endurance. They know its economy. They know it affords all the speed that any responsible driver would ever wish or dare to use. They know that on mountain roads it leads the way up.

On this one chassis are mounted six handsome and comfortable types of body, built by America's best body-builders and splendidly finished and cushioned.

BIG HILL

Mrs. Stella McKeehan of Big Hill has returned from Battle Creek, Mich., where she has been for some time.

Mr. James Baker of Dryfus, Ky., spent the week end with his cousin Miss Margaret Abrams of Big Hill.

Max Manupia has purchased a new \$1,200 car.

Mrs. Artie Robinson and Miss Margaret Abrams made a shopping trip to Richmond on Wednesday.

J. M. Doan, who has been attending the Normal School at Richmond, is at home for a few days because of a broken arm.

Because of so much rainfall the farmers are behind with their crops.

Miss Bertha Fowler is planning on returning to Battle Creek, Mich., in a few days.

Mrs. Lydia Abrams, who was operated on some time ago, is still in poor health.

Quite a neat sum was realized from the entertainment at Narrow Gap for the Red Cross and Sunday school. The cause was recognized and there was a large attendance, and the proceeds will go far in the work now going on.

No More Worries Over Excessive Coal Bills

It is not generally known that even the small coal consumer can have his coal shipped direct from the mines, thus saving the profits that otherwise would go to wholesaler and retail dealer, besides saving hauling expense. Of course, big manufacturers and other large consumers have always bought this way, but the man who buys only enough for his household is now in position to take advantage of the same purchasing privileges. The well-known BERNICE COAL CO., 555 Como Building, Chicago, is doing an enormous business in supplying small consumers—as well as the big ones—with all grades of hard and soft coal at mine prices.

That these customers are highly pleased is evidenced by the letters they write after receiving and trying their coal. The following are extracts from several such letters: "Have found your coal entirely satisfactory and your dealings courteous and fair. I shall continue to buy my coal from you."—Ed. G. Genske, Burlington, Ia. "More than pleased with it. Please quote me prices on same coal for December."—Arthur Churchman, Alexandria, Ind. "Well pleased with it. Expect to buy more from you."—Fritz Bros., Pompeii, Mich. "Coal arrived on time; has given entire satisfaction; am exceedingly well pleased. Wish to thank you for your courteous treatment in our dealings."—M. E. Ford, Franklin, Ky.

Pepto - Mangan Increase And
Enriches The Supply Of Red
Blood—Builds Strength

Restores Color And Appetite

Engery And Interest Soon Come
With Red Blood

"I don't know why I should feel the way I do," is the remark often heard. A close look at a person who says this, will find signs of anemia or bloodlessness.

When the blood is thin and weak you feel miserable. The simplest tasks seem too much for your strength and you get ashamed of your pale face and dull eyes.

Red blood makes the best complexion. It is red blood that puts roses in the cheeks, light in the eyes and spring in the walk.

To build up more red blood take Gude's Pepto-Mangan.

Gude's Pepto-Mangan furnishes thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality, and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.—Adv.
